

PAT WARD ★ IOWA SENATE

Pat Ward knows getting Iowa back on the right track is the most important job our State Senator can do.

She knows we can't stand still and stay competitive. That's why she's fought so hard to bring sense to the Iowa budget, and to reduce spending. That's why she's fought to keep Iowa's tax rates low, so families can keep more of what they earn, and businesses will relocate and expand here.

That's why she's worked so closely with Republican leaders on education and property tax reform. With over a 93% voting record with the Iowa Association of Business and Industry since 2008, Pat Ward's record as a pro-growth, fiscal conservative is solid.
